

The City of Chanhassen is seeking a Mechanical/Plumbing inspector. This position assists the Building Official in administering regulations and conducting inspections pertaining to plumbing and mechanical installations during progress of work, as well as final inspections upon completion. The inspector will also perform plan reviews and applications for permits for compliance with city and state codes, and maintains all necessary records.

Upcoming projects include:

Completion of several residential projects including single family homes, townhomes, and apartments.

Lifetime Fitness – corporate expansion

Avienda – a 120 acre mixed use development including many residential, office, and retail options

Galpin Property – a 180 acre single family home residential development
