

**10,000 LAKES CHAPTER**  
INTERNATIONAL CODE COUNCIL

## **10,000 Lakes Chapter Presents:**

### **2018 IBC Care Facilities Provisions**

**November 15th, 2022**

Presented by ICC Instructor Steve Thomas

Steve Thomas will present the seminar which will address provisions in the 2018 International Building Code® and referenced standards relating to the design and construction of care facilities, such as medical care, custodial care, ambulatory care and day care facilities. It will focus on the specific decision making needed to apply the provisions appropriately by highlighting the differences between the various types of care activities. The seminar will include a discussion on how the length of stay, number of care recipients, degree of care and capability/incapability of self-preservation all relate to the occupancy classification and resultant code requirements. Smoke compartments, dwelling and sleeping unit separations, incidental use separations and other special conditions provisions are also addressed. Unique provisions will be highlighted in the areas of accessibility, type of construction, fire protection, means of egress and interior finishes. During this seminar, participants will listen to lecture, discuss examples and participate in activities that pertain to applying sections of the IBC to care facilities.

**Cost For Members \$130 and \$150 for Non-Members.**
