Course Title

**2024 Continuing Education
Presents: 2024 MN State Code Update
(This class is provided as an on-site
seminar)**

Continuing Education and professional development are crucial in any field or business. Residential construction is no different, and perhaps even more critical with changing materials, technologies, and Building codes. Rum River construction Consultants has developed and presented state approved courses since 2009 concentrating on what is most important related to building durability, energy conservation, safety considerations and business management. This seminar will discuss a wide variety of topics that will bring you more knowledge to positively serve your business and clients.

Approved by Minnesota Department of Labor and Industry for 7 continuing education hours (including 1 hour of energy & 1 hour of business) for residential contractors, building officials and manufactured home installers.

Course Schedule

Sign in at 7:00 am and Start 8:00 am
(Morning BREAK 9:30-9:45)

Instructor:

Andy Schreder, CBO & Certified CE Instructor.

Andy is a Certified Building Official & Certified CE Instructor. He is the Chief Building Official and Owner of Rum River Construction Consultants and acts as the designated Building Official for several jurisdictions, and in assisting additional municipalities. Andy has presented MN DLI approved Continuing Education classes for several years. Andy is an approved provider of educational services since 2009. Discussing not only what is required, but why. Conducting continuing education classes allows him to stay connected with licensed contractors hearing what areas of the code are challenging and helping make necessary clarifications of challenging provisions. Andy and his team have a reputation for accuracy and appreciate the opportunity to continue serving residents and contractors of Minnesota.

Who are 10,000 Lakes Chapter of ICC and AMBO?

10,000 Lakes is a local chapter of the International Code Council. AMBO is a statewide chapter of ICC representing building officials throughout the state. 10K and AMBO are non-profit organizations that are comprised of over 500 members that most likely include your local building inspector. Together, these chapters have strived to provide quality continuing education for building officials, contractors, and anyone within the construction industry.
